## NSC Online training

### Learn lifesaving skills at your own pace

NSC® First Aid Online programs offer an affordable, convenient training option for people to learn lifesaving skills at their own pace from any computer with an Internet connection. They are ideal for employees whose work assignments make it difficult to complete classroom training. The programs are a great refresher tool to keep skills sharp.

#### Programs offered

NSC **First Aid, CPR & AED** Online\*

NSC **Bloodborne & Airborne Pathogens** Online

#### These innovative, highly interactive programs:

- Cover all elements of the classroom courses
- Include a bookmark feature that allows you to save your place in the program

#### A blended training program

Online programs teach the knowledge portion of the course, clearly presenting learning points using animation, full-motion video, interactive user exercises and real-world simulations. To receive globally recognized NSC First Aid, CPR & AED course completion cards, employees must attend a skills testing session conducted by an authorized NSC skills tester. Available for our distribution partners.

**For more information** about all of the NSC® First Aid training programs, visit [nsc.org/international](http://nsc.org/international), call **+1-630-775-2056** for more details.

\* This course meets the CPR and ECC Guidelines
